

SHAKE WELL BEFORE USING • AGITE BIEN ANTES DE USAR

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply this product only as specified on this label.

To Use This Product Correctly • DO NOT USE MORE THAN ONE FOGGER PER ROOM.

Restrictions For Indoor Uses • Do not use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use as a space spray. Use only in well-ventilated areas. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply to pets. Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fishponds) during treatment and turn aquarium systems off. Do not apply when food is present. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food-processing equipment and food-preparation surfaces, or wash them before use. Do not use in greenhouses where plants are grown for food. Do not apply directly into sewers or drains, or to any area like floor drains where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed. Wait two hours after application, then open windows, vents and doors for two hours. If an odor is detected, additional ventilation is required. One can covers 2,000 cu ft of unobstructed space (15.5 ft x 16 ft with 8 ft ceiling).

Does not control bed bugs.

BEFORE YOU FOG • 1. **OPEN** cabinets, cupboards, drawers, closets and doors in areas to be treated. 2. **REMOVE** or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. **REMOVE** pets and birds and **COVER** and turn off air flow systems in aquariums. **REMOVE** or **COVER** children's and pet toys. 3. **CLOSE** outside doors and windows. **SHUT OFF** fans and air conditioners and temporarily disconnect smoke alarms.

For Fleas & Ticks: Vacuum all areas your pet has access to, including carpets, area rugs, bare floors, upholstered furniture, pillows and pet's sleeping area. Remove pet bedding and launder or discard. Return clean/new bedding only after airing out. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to re-enter treated areas.

TO START FOGGING • 1. Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels. 2. **SHAKE WELL BEFORE USING.** Tilt sprayer AWAY from face (fogger can spray up). Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave premises immediately. 3. Close door(s) and hang "Fogger in Use" tag on doorknob. **KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS.** Keeping area sealed for a longer period of time will enhance fogger performance.

Vacate the treated house, individual apartment unit or other structure immediately.

AFTER FOGGING • **AIRING OUT:** BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS, TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS. Turn on smoke alarms and aquariums.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate!

Pesticide Disposal and Container Handling: If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

First Aid

If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. • **If on Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. • **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

NOTE TO PHYSICIAN: May pose an aspiration pneumonia hazard. Contains petroleum distillate. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-917-5431 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Contains petroleum distillate. • **CAUTION.** Harmful if swallowed. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Breathing spray mist may be harmful. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment, washwater or rinsate. See Directions For Use for additional precautions and requirements.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

DIRECTIONS FOR USE

• It is a violation of Federal law to use this product in a manner inconsistent with its labeling. • Apply this product only as specified on this label.

To Use This Product Correctly

DO NOT USE MORE THAN ONE FOGGER PER ROOM.

Restrictions For Indoor Uses

Do not use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use as a space spray. Use only in well-ventilated areas. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply to pets. Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fishponds) during treatment and turn aquarium systems off. Do not apply when food is

present. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food-processing equipment and food-preparation surfaces, or wash them before use. Do not use in greenhouses where plants are grown for food. Do not apply directly into sewers or drains, or to any area like floor drains where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed.

Wait two hours after application, then open windows, vents and doors for two hours. If an odor is detected, additional ventilation is required. One can covers 2,000 cu ft of unobstructed space (15.5 ft x 16 ft with 8 ft ceiling).

Does not control bed bugs.

BEFORE YOU FOG

- 1 OPEN** cabinets, cupboards, drawers, closets and doors in areas to be treated.

- 2 REMOVE** or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. **REMOVE** pets and birds and **COVER** and turn off air flow systems in aquariums. **REMOVE** or **COVER** children's and pet toys.

- 3 CLOSE** outside doors and windows. **SHUT OFF** fans and air conditioners and temporarily disconnect smoke alarms.

For Fleas & Ticks: Vacuum all areas your pet has access to, including carpets, area rugs, bare floors, upholstered furniture, pillows and pet's sleeping area. Remove pet bedding and laundry or discard. Return clean/new bedding only after airing out. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to re-enter treated areas.

TO START FOGGING

- 1 Place** a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels.

- 2 SHAKE WELL BEFORE USING.** Tilt sprayer AWAY from face (fogger can sprays up). Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave premises immediately.

- 3 Close** door(s) and hang "Fogger in Use" tag on doorknob. **KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS.** Keeping area sealed for a longer period of time will enhance fogger performance. **Vacate the treated house, individual apartment unit or other structure immediately.**

AFTER FOGGING

- AIRING OUT: BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS. TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS.** Turn on smoke alarms and aquariums.

ALMACENAMIENTO Y ELIMINACIÓN

Almacenamiento: Guarde en un lugar fresco y seco, lejos de fuentes de calor o del fuego. No lo perforo ni incinere!

Eliminación del pesticida y manipulación del envase: Si está vacío: Tirelo en la basura u ofeúzalo para recibir, si existe esa opción. Si está parcialmente vacío: Llame a su servicio de eliminación de desechos más cercano para obtener instrucciones de eliminación.

Primeros auxilios

Si se ingiere: Llame inmediatamente a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento. No induzca el vómito a menos que así se lo indique un centro de control de envenenamientos o un médico. No ofrezca ningún líquido a la persona. No administre nada por la boca a una persona que haya perdido el conocimiento.

Si entra en contacto con la piel: Quítase la ropa contaminada. Lave inmediatamente la piel con abundante agua durante 15 a 20 minutos. Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Si entra en contacto con los ojos: Mantenga los ojos abiertos y enjuague con agua lentamente, con cuidado, durante 15 a 20 minutos. Si hay lentes de contacto, retírelas después de los primeros 5 minutos, luego continúe enjuagando los ojos. Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

NOTA PARA EL MÉDICO: Puede presentar un riesgo de neumonía por aspiración.
Contiene destilados de petróleo.

Cuando llame a un centro de control de envenenamiento, o a un médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto. También puede llamar al 1-800-917-5431 para obtener información acerca del tratamiento médico de urgencia.

DECLARACIONES PREVENTIVAS

Riesgos para los seres humanos y los animales domésticos
Contiene destilados de petróleo.

PRECAUCIÓN: Nocivo si se ingiere. Evite el contacto con la piel, los ojos o la ropa. Causa irritación moderada a los ojos. Respirar la niebla del rocío puede ser nocivo. Los usuarios deben quitarse la ropa inmediatamente si el pesticida pasa a través de la misma. Luego deben enjuagarse muy bien y ponerse ropa limpia. El uso prolongado o el contacto repetido con la piel pueden causar reacciones alérgicas a algunas personas. Lávese muy bien con agua y jabón después de manipularlo y antes de comer, beber, masticar chicle, usar tabaco o usar el baño.

Riesgos para el medio ambiente
Este pesticida es extremadamente tóxico para los organismos acuáticos, incluyendo los peces y los invertebrados. No contamine el agua al deshechar el agua de lavado o enjuague del equipo. Consulte en Modo de empleo las declaraciones preventivas y requisitos adicionales.

Riesgos físicos o químicos
Contenido bajo presión. No lo use ni guarde cerca de una fuente de calor ni del fuego. No perforo ni incinere el envase. La exposición a temperaturas superiores a 130°F puede causar explosiones.

ALTO. LEA TODA LA ETIQUETA ANTES DE USAR.

MODO DE EMPLEO • Se considera una violación a la ley federal usar este producto de una manera que no sea la indicada en la etiqueta. • Aplique este producto solo como se especifica en esta etiqueta.

Cómo usar este producto correctamente

NO USE MÁS DE UN NEBULIZADOR POR HABITACIÓN.

Restricciones para uso en interiores

No lo use en espacios pequeños y cerrados, como closets y gabinetes, ni debajo de cubiertas de cocina ni mesas. El uso de un nebulizador en un espacio cerrado puede causar que el producto explote y provoque lesiones a las personas o daños a la propiedad. No lo use como un rocío de lugar. Úselo solo en zonas bien ventiladas. No aplique este producto de modo que entre en contacto con adultos, niños o mascotas, ya sea directamente o por arrastre. Mantenga a las personas y las mascotas fuera de la zona durante la aplicación. No permita que los adultos, los niños ni las mascotas entren en las zonas tratadas hasta que los vapores, nieblas y aerosoles se hayan dispersado y la zona tratada se haya ventilado muy bien. No lo aplique a las mascotas. Retire las aves y otras mascotas antes de la aplicación. Cubra cualquier depósito de agua con peces (como peceras y estanques ornamentales de peces) durante el tratamiento, y apague las peceras. No lo aplique cuando hay alimentos expuestos. Retire o cubra los alimentos y el agua potable expuestos antes de la aplicación. Retire o cubra platos,

utensilios, superficies y equipos de preparación de alimentos o lávelos antes de usar. No lo use en invernaderos donde se cultiven plantas como alimento. No lo aplique directamente a alcantarillas o drenajes, así como a cualquier área como un desagüe en el piso en la que pueda producirse el drenaje a alcantarillas pluviales, masas de agua o hábitats acuáticos. No permita que el producto entre en ningún drenaje durante o después de su aplicación. Salga de la zona inmediatamente y permanezca fuera de la zona tratada hasta que se ventile muy bien y los aerosoles, vapores o nieblas se hayan dispersado.

Espera dos horas después de la aplicación y luego abra las ventanas, los respiraderos y las puertas por dos horas más. Si se detecta algún olor, se requiere ventilación adicional. Una lata cubre 2,000 pies cúbicos de espacio abierto (15.5 pies x 16 pies con techo de 8 pies de altura).

No controla las chinches de cama.

ANTES DE APLICAR LA NIEBLA

1. ABRA los gabinetes, alacenas, gavetas, closets y puertas en las zonas a tratar.

2. RETIRE o cubra los alimentos, platos, utensilios, superficies y equipos de preparación de alimentos expuestos. **RETIRE** las mascotas y las aves y **CUBRA** y apague los sistemas de flujo de aire de las peceras. **RETIRE** o **CUBRA** los juguetes de niños y mascotas.

3. CIERRE las puertas y ventanas exteriores. **APAGUE** los ventiladores y aparatos de aire acondicionado y desconecte temporalmente las alarmas de humo.

Para pulgas y garrapatas: Limpie con la aspiradora todos los lugares a los que tenga acceso su mascota, incluyendo alfombras, tapetes, pisos sin revestimiento, muebles tapizados, almohadas y zonas donde duermen las mascotas. Retire la cama de la mascota y lávela o deséchala. Vuelva a colocar la ropa de cama limpia/nueva solo después de ventilar. Además, aplique a perros y gatos un producto para controlar pulgas y garrapatas aprobado para usar en las mascotas antes de dejarlos regresar a las zonas tratadas.

PARA COMENZAR A APLICAR LA NIEBLA

1 Coloque una silla, mesa o plataforma en el centro de la habitación que se va a tratar. Cubra con varias capas de periódicos o toallas de papel.

2 AGITE BIEN ANTES DE USAR. Incline el rociador LEJOS de la cara (la niebla sale hacia arriba). Presione la válvula hasta el final, engananchando la traba. No inhale la niebla del rocío. Coloque el nebulizador sobre periódicos o toallas de papel y abandone el lugar de inmediato.

3 Cierre la(s) puerta(s) y cuelgue la etiqueta "Nebulizador en uso" en la manija de la puerta. **MANTENGA CERRADA LA ZONA TRATADA Y NO VUELVA A INGRESAR POR UN PERÍODO DE POR LO MENOS DOS HORAS.** Mantener la zona tratada cerrada por más tiempo mejorará el rendimiento del nebulizador. **Salga inmediatamente de la casa, apartamento u otra estructura tratada.**

DESPUÉS DE APLICAR LA NIEBLA

VENTILACIÓN: ANTES DE VOLVER A OCUPAR LA ZONA, ABRA TODAS LAS PUERTAS Y VENTANAS, ENCIENDA EL AIRE ACONDICIONADO Y LOS VENTILADORES Y DEJE VENTILAR LA ZONA TRATADA DURANTE DOS HORAS. Encienda las alarmas de humo y las peceras.

DATOS RÁPIDOS

- No mancha cuando se utiliza como se indica, sin residuos
- Cobertura: Cada lata cubre 2,000 pies cúbicos de espacio abierto (15.5 pies x 16 pies con techo de 8 pies de altura)
